

BLISTERING TRADE AT LEEK
AYRSHIRES TO £2480 (With 8 OVER £2000)
AVERAGED £1940

The Dairy Shed was absolutely buzzing at Leek yesterday with trade on fire
from start to finish!

The monthly pedigree sale was complimented by the inclusion of a large entry
of Ayrshires from the Alkmonton Herd of Messrs Harris. These were a
tremendous group of cows that attracted massive interest which was reflected in
the trade which peaked at £2480, with 8 over £2000 to average an amazing
£1940!!

Topping at £2480 was a Palmyra Tri-Star Burdette heifer Alkmonton Burdette
Omlette. Out of an 82 point dam she was sold giving 25kg and was eventually
clinched by Mrs Sellors of Grange Mill.

A Leonard Jumper heifer Alkmonton Jumper Canvas made £2120. Out of an
EX90 Stamford cow that was still milking in the herd at home she caught the
eye of the Brunt family of Moddershall who successfully took her and a further
two at £2100. The first a second calver by Palymra Calimero Blackjack and the
second a Tristar Platinum daughter.

A phenominal 3rd calver Alkmonton Winston Ruth VG85 made £2120. An
extremely powerful cow, she attracted great interest and was eventually bought
by John Fernyhough of Swythamley.

In-calf heifers peaked at ££1420 with yearlings to £690.
