PLEASE BRING THIS CATALOGUE TO THE SALE

## **AUCTIONER'S FOREWORD**

It is with great pleasure that we present to you the catalogue for the dispersal of the Brieryside herd. We are honoured to have been given instruction to conduct this major sale and on behalf of ourselves and the Lawrie family, we very much look forward to welcoming you all to Sandyford Farm on Saturday 3rd June. The sale brings about the opportunity for all producers and breeders alike to purchase stock from a herd with over 150 years of heritage. With 400 head on offer, the day will surely be an unprecedented chance to acquire cattle of this quality in such abundance.

Anyone who has visited Sandyford will immediately conclude the Lawrie family and their staff are farmers and stockmen of the highest order. The cattle of all ages always look superb both in terms of conformation and condition and when viewing the milking herd it is clear to see the level of production being achieved through their high levels of stockmanship and commercial management.

The cows display immense strength but combined with dairyness that has given the type of cow that almost all modern producers strive to achieve which has led to their ability to produce at this high level on a simple grass and cereal based feeding system whilst also grazing. We would like to emphasise to all producers, of all breeds, that cattle from this herd can go away and fit into any system. They are capable of high yields in intensive management but just as importantly they are robust enough to fit into lower input and grazing based farms.

With decades of breeding behind the herd it is undeniable that the sale contains many superb individuals both currently in milk but also the youngstock portion will surely contain a host of future stars to whet the appetite of all breeders. It should also be highlighted though that the sale contains, first and foremost, a herd of robust, hardworking cattle that should appeal to all commercial producers.

Once again, we look forward to welcoming you all to Ayrshire for this prestigious sale event but for those potential buyers who are unable to attend, the sale will be livestreamed via Marteye and we have various arrangements in place with hauliers that purchasers can be assured we will organise cattle transport to any part of the UK & Ireland.

## **VENDOR'S FOREWORD**

The Brieryside Prefix is one of the oldest in the Ayrshire Breed established by the Lawrie Family. The Lawrie family has been registering Ayrshires tracing back to the 1870s.

Along with pure Ayrshire Bloodlines still being a focus on the Farm, 30 Years ago some Red Holstein Sires were introduced to increase milk output with many high producing British Red & Whites featuring in the Sale.

The herd at Sandyford is milked twice a day through a GEA Rapid Exit Parlour and Grazed 150 days/year. We aim to calf heifers at 26 months old. The herd is AYR currently averaging 32.5kg with 4.26% Fat & 3.37% Protein with SCC 132.

We have tried to use best AI Bulls available which have functional type and positive production. The majority of animals are In-Calf to Sexed Semen or Beef (British Blue on Cows & Aberdeen Angus on heifers). Over the past 18 months 2 stock bulls have been used selectively within the herd. Arranview Lynx ET - a Doorman Son of Glory-Land Goldwyn Locket EX94 going back to 'Roxy' who boasts impressive genomic figures ; +6 Conformation, +0.45% Fat, +0.21% Protein, +6 Teat length, 100 Daughter Fertility(CDN April 23). More Recently Arranview Deacon Red who is a Son of Redsky Ladd Delight EX95 from the 'Dellia' Family who was R&W Champion at The Royal Highland Show in 2019.

Over the years Brieryside has had many show ring success' in Ayrshire Ring and more recently also success in the Holstein Ring with the joint Prefix 'Eastford' and more newly established Arranview Prefix.

The Lawrie Family were the first to Win SuperHeifer and SuperCow in the same year at AgriScot in 2012 with Brieryside Profile Cherry VG89-2yr and Dilandy Deboniar Tabitha EX93 respectively. Bruchag Talent Evelyn EX93 owned with the McAllister family was also SuperHeifer at AgriScot in 2015 and returned to be Breed Champion in 2017.

More historic Show Highlights include Bankend Wren 104 EX95 who was the only cow to win Ayr Show, The Royal Highland Show and DairyScot in the same calendar year along with winning Reserve cow of the century. Brieryside Bessie 6 EX was also successful at Ayr Show winning the 'Quey Derby' against 41 other competitors in 1983.

All the above cows made a lasting impact on the herd all with many family members selling. One cow in particular to get a special mention has to be Brieryside Swan 28 EX , a cow before her time and never beat in the Scottish show ring. She has many family members selling in the sale and I can promise she will have a lasting effect on any herd.

The Lawrie family have been milking cows at Sandyford Farm for 23 years, 8 years ago we started milking at Myremill Farm in Maybole.

The family made the major decision to focus our attention and continue milking at one farm, Myremill. This decision was not an easy decision but is for the best to ease the pressure on our hard working staff and family. Myremill is a purpose built dairy complex with 300 cubicles and a newly built youngstock facility last year.

We would like to thank everyone who has helped over the years. The success of the Brieryside Prefix would not of been possible without farming alongside my brother Jim for the last 45 years and all the hard work my father Gavin put into the business and prefix for his whole life. Thank you to Jake Sayer who has been the Dairyman at Sandyford over the last 4 years. A special thanks to Jim Aitken who helped me move to Sandyford 23 years ago and for all his hard work before he retired.

I look forward to joining my son Kevin at Myremill and continuing my passion for farming and pedigree cows. I also look forward to spending more time with my wife Caroline who has supported myself and the family tirelessly for the past 35 years.

We hope there is something in the catalogue to suit every type of system. We wish all buyers good luck with their purchases.

*Gilmour Lawrie*

## ARMOUR VET GROUP

We have been the vets for the Lawrie family at Sandyford Farm for the past 15 years. The family at Sandyford have a herd of cows which deliver a high level of production on a twice daily milking system. This has been achieved by breeding correct functional cows which will fit into any system but also by the levels of stockmanship shown by all involved.

Herd health is the corner stone to this. The herd is currently free from BVD with all cattle being individually tested at birth. Cows are vaccinated for IBR on a 6 monthly basis. Youngstock are vaccinated for lungworm using Huskvac before turnout. Routine foot trimming is a mainstay resulting in low levels of lameness. There is no history of TB breakdowns. Herd fertility is monitored by fortnightly visits.

If you are thinking of attending the sale, purchases can be made in the knowledge that you are buying from some of the best cow families as well as stock with a sound health status.

The sale day will no doubt be difficult for all concerned but they should be proud of the stock which are offered for sale

Finally we would like to wish purchasers all the best with their new animals and look forward to continuing to work with the Lawrie's at Myremill.

All cows and heifers that are stated in the catalogue of sale to have been served not less than ten weeks before the date of sale, or to have been running with a bull between dates (the later of which is not less than ten weeks before the sale) will be guaranteed by the vendor to be in calf either to the date or one of the dates of service if more than one is stated, or to a service between stated running dates and to the bull stated in the catalogue of sale unless any alteration is announced by the Auctioneers at the time of the sale. Should any animal prove not to be in calf, any claim under this guarantee must be made to the auctioneer in writing within 7 weeks of the date of sale. Should any animal which is declared to be in calf prove not to be in calf to the date or one of the dates of service or to some date within the running period or periods or to the bull stated as above any claim must similarly be made immediately any evidence in support of such a claim is available and in any case not later than 28 days after the date on which the animal was due to calve according to the date or dates in the catalogue of sale.

## **UDDER WARRANTY**

Unless otherwise stated or announced, any cow in calf or in milk or any heifer in milk at the time of the sale shall carry a guarantee that she is sound in udder and teats at the time of sale, but no claim under such guarantee can be entertained unless made to the Auctioneers within an hour of the close of the last lot except in the case of Herd Dispersal Sales or Breeders' Home Sales when the guarantee period is extended to two hours after the close of the sale of the last lot. If the Auctioneers are satisfied that the udder is not sound, then the sale, at the discretion of the vendor, may either be cancelled or an adjustment in the price paid agreed between vendor and purchaser.

**NOTE - At Herd Dispersal or Home Breeders' Sales the Vendor must provide adequate facilities for udders to be inspected and for adequate milking facilities to be available for the Purchaser in accordance with the warranty.**

## **DATA PROTECTION**

### **Introduction**

The EU General Data Protection Regulation ("GDPR") came into force across the European Union on 25th May 2018 and brings with it significant changes to data protection.

### **Our Commitment**

**Norton & Brooksbank Ltd** are committed to ensuring the security and protection of the personal information that we process, and to provide a compliant and consistent approach to data protection. We have always had a robust and effective data protection program in place which complies with existing law and abides by the data protection principles. However, we recognise our obligations in updating and expanding this program to meet the demands of the GDPR and the UK's Data Protection Bill.

**Norton & Brooksbank Ltd** are dedicated to safeguarding the personal information under our remit and in developing a data protection regime that is effective, fit for purpose and demonstrates an understanding of, and appreciation for the new Regulation. Our preparation and objectives for GDPR compliance have been summarised and copies are available from our office upon request.

## CONDITIONS OF SALE

1. The biddings to be regulated by the Auctioneers, in terms of 'guinea' bids and multiples thereof, each guinea to be equivalent to 105 new pence (£1.05); if any dispute should arise, the lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give a reason for such action.
2. The Purchaser to give his name and dwelling place and pay for all lots at the close of sale. No lot or lots shall be removed from the sale premises until paid for, and pass-out slip obtained from the Auctioneer' clerk.
3. Notwithstanding the foregoing and the following Condition 4 each and every lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective Purchaser or Purchasers thereof and shall be removed from the sale at the Purchaser's expense within a week of the sale.
- 4.1. If any lot or animal (s) is not paid for in cash under Condition 2 above but payments is made by cheque or other form of negotiable instrument then the animal(s) shall remain the sole and absolute property of the Vendor as legal and equitable owner until such time as all money due to the Vendor has been paid by the Purchaser, Payment shall unless otherwise agreed be made to the Auctioneers and shall not be deemed to have been paid until any cheque or other negotiable instrument has been cleared by the Auctioneers Bankers and the following further provisions contained in Condition 4 shall apply.
- 4.2. The Purchaser acknowledges that he is in possession of the animal(s) as bailee for the Vendor until such time as the animal(s) has been paid for or pursuant to the provisions of Condition 4.1.
- 4.3. The Purchaser undertakes to house any animal on his premises separately from his own and those of any other person and in such a manner which makes them readily identifiable as the Vendor's.
- 4.4. The Purchaser's right to possession of such animal(s) shall cease if he does anything or fails to do anything which could entitle a receiver to take possession of the animal(s) or which would entitle any person to present a petition for the winding up of the Purchaser.
- 4.5. The Vendor or the Auctioneers may for the purpose of the examination or recovery of animals enter upon any premises where they are housed or where they are reasonably thought to be housed.
- 4.6. If the Purchaser shall sell on the animal(s) the entire proceeds shall be held in trust for the Vendor and shall not be mingled with any other money paid into any overdrawn bank account and shall at all times be identifiable as the Vendor's money.
- 4.7. The Purchaser warrants that he is not at the time of entering into any agreement to purchase the animal(s) insolvent and knows of no circumstances which would entitle any creditor to appoint a receiver or to petition for winding up or to exercise any rights over and against the purchaser's assets.
- 4.8. Without prejudice to any other to any right or remedy of the Vendor or the Auctioneers of the Purchaser shall be in breach of any of the conditions set out in this Condition 4 or any of the other conditions herein contained the Vendor or the Auctioneers shall have power to resell the lots retaining any surplus and charging any deficiency or expense to the defaulter or Purchaser.
5. All statements in the catalogue or made by the Auctioneers at the time of the sale, also the identification of the animals, are the entire responsibility of the Vendor. The Auctioneers take no personal responsibility for the correctness of any such statement or identities.
6. All statements made either in the catalogue or any made by the Auctioneers at the time of the sale relating to Tuberculin or any tests to be taken as statements of fact only. No such statement shall guarantee the Purchasers of any animals against loss arising through subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
7. Neither the Vendor nor the Auctioneers will be responsible for any accident through fire or any other cause whatsoever, nor for any damage done by animals prior to, during or after the sale.
