FOREWORD

The Bolderston family share a passion for well-bred dairy cattle and have been registering cattle under the Marshview prefix for 20 years. This sale consists of the total dispersal of their Holsteins and Ayrshires to include 44 Pedigree Ayrshire and 6 Red and White Holsteins.

The herd was moved to Wood Farm five years ago under a Farm Business Tenancy Agreement which has now come to an end. However during the last five years breeding good quality cattle has remained a top priority with the herd now featuring 7 Excellent, 19 Very Goods and 48 Good Plus cows and heifers. This has been achieved by focusing on good cow families and top sires to continue to develop the herd. The Marshview herd have enjoyed numerous successes at local shows.

Supplying an Arla 360 milk contract yields have not been a priority but components are and the cows have been managed accordingly.

As the tenancy at Wood Farm has come to an end the family reluctantly have no option but to disperse their herd resulting in this very genuine dispersal.

HERD MANAGEMENT

The herd is fed a TMR consisting of grass, maize, brewers grains with a protein blend and are milked twice a day through the **HERRINGBONE** Parlour. They are housed through the worst winter months in sand **CUBICLES** and grazed as much as possible throughout the summer period. This simple system in which the cows are not pushed for yield gives the following combined herd average for all breeds:

6,585 kgs. 4.23% Butterfat 3.25% Protein SCC= 113

CALVING PATTERN

The herd calves throughout the year with the following approximate calving pattern:-

July 2020 (11); August (12); September (18); October (6); November (5); December (12); January 2021 (12); February (17); March (20); April (13); May (5); June (12).

HERD AGES

There are a large proportion of young cows in the catalogue as follows:-

34	1st Lactation
33	2nd Lactation
19	3rd Lactation
16	4th Lactation

Plus 17 in their 5th+ lactation keeping their place in the herd on merit.

SIRES AND SERVICE SIRES

HERD HEALTH

Herd health is another top priority at Marshview with the herd vaccinated for IBR, monitored for BVD and Lepto quateray and also monitored for Johnes with no reds in the sale.

The cattle were pre-movement tested on the 15th September 2020 and are in an annual TB testing parish.

Dry cows are treated with selective dry cow therapy of Cepravin and Cepralock sealant and Fasinex for fluke at drying off.

AUCTIONEERS' COMMENTS

This is a very genuine herd of Holsteins and Ayrshires, they have high components and are cows very capable of performing in more intensive systems and many of the Holsteins are capable of producing 10,000kg plus but are farmed with the Ayrshires and Jerseys so fed as a whole and not for high yields. A real feature are the red and whites and we look forward to welcoming you to Sedgemoor on 6th October.

CONDITIONS OF SALE (Applicable to All Lots)

All guarantees & warranties within the Sale do not come into place until the LOT has been paid for with clear funds and any dispute must be notified to the Auctioneer within 35 days of the Sale, or else they will not be covered by these rules.

- 1 Subject to the reserve price (if any) being reached the highest bidder for any lot shall be the Purchaser and if any dispute should arise between two or more bidders the lot may be put up again at the highest undisputed bidding and resold: or the Auctioneers to bid on behalf of the vendor and may determine the dispute at their discretion - their decision shall be final and conclusive.
- 2 The Auctioneers reserve to themselves the right of refusing any bidding they may deem it advisable to decline, and of withdrawing any lot or lots from the sale, and to sell in such order and combine lots as they may think fit. No bidding shall be retracted.
- 3 At the fall of the hammer, each Purchaser shall give to the Auctioneers his or her name and place of abode in writing (if required), and pay for any lots purchased by him/her at the close of the sale.
- 4 The Auctioneers describe the Lots to the best of their ability from information furnished by the Vendors, but undertake no liability whatever in respect of any faults, deficiencies and errors of description oral or printed. The Vendors who supply such statements are alone responsible for any errors or mis-statements which there may be.
- 5 Inasmuch as the Auctioneers act only as Agents they shall not be held personally liable for any default on the part of either Vendor or Purchaser.
- 6 No Lot or Lots shall be removed from the premises until paid for, but each and every lot shall immediately at the fall of the hammer be considered as delivered, and be and remain in every aspect at the absolute risk of the respective Purchaser or Purchasers thereof, and shall be removed from the sale yard at the Purchaser's expense and taken with all faults or errors, save as hereinafter provided.
- 7 No undertaking of the Auctioneers or their servants to take charge of any lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal, or equitable liability or obligation or vitiate any of these Conditions.
- 8 Cheques will only be accepted if agreed with the auctioneers prior to auction and the auctioneers reserve the right to ask for references and refuse this method of payment without giving a reason. If payment is to be made by a finance company the details of such must be given to the auctioneers prior to the auction.
- 9 The Auctioneers may-at the request of the Purchaser-transfer goods to another Purchaser, but the original Purchaser shall not cease to be responsible for the purchase money, and in the event of default may be sued for the same.
- 10 No animal, article or thing is sold with a "Warranty" or "Condition" unless specially mentioned at the time of offering, and no Warranty or Condition so given shall have any legal force or effect unless the terms thereof appear on the Purchaser's Account.
- 11 If any purchaser shall fail to comply with the above Conditions or any of them, the Auctioneers shall be at liberty to recover the full amount of purchase money of the lot or lots bought by such Purchaser together with the interest thereon at the rate of, 15% per annum, costs, charges and expenses, without reference to any delivery or acceptance of the Lot or Lots, other than the first delivery by the fall of the hammer, or to resell any Lot or Lots bought by such Purchaser, either by Public or Private Sale, and the full amount of the purchase money at the present sale, or the deficiency (if any) arising from the second sale together with all interest thereon at the rate of, 15% per annum, costs, charges and expenses shall be made good by the defaulter and be recoverable as and for liquidated damages.
- 12 Accidents – Neither Vendor nor Auctioneer will be responsible for any damage to life or limb or property, prior to or during the progress of the sale, or at any time during the removal of lots. Cars are parked entirely at Owner's risk.
- 13 Payments in cash will only be accepted up to a maximum figure of £7,000 (seven thousand pounds).

AUCTION RULES

- 1 No responsibility as to reserve prices can be accepted unless the same are communicated in writing to the Auctioneers at least a quarter-of-an-hour before the Auction. The Auctioneers will not hold themselves responsible for any Reserve Prices given verbally. Vendors must arrange to be present when their stock is being offered, as if a Vendor has failed to place a reserve on any lot, and is not present at the time when it is offered, the lot in question will be sold without Reserve.
- 2 Should any animal for any reason not be sold by auction through the ring but is sold subsequently by private treaty as the result of its exposure for sale at the auction and in any case if it is sold before it leaves the yard the Vendor shall be liable to pay the commission in full on the agreed purchase price, and in case the Vendor refuses to disclose the purchase price than at the reserve price or the price at which the animal was withdrawn from the auction whichever shall be higher.
- 3 In the event of any claim being made by a Purchaser the Vendor shall under no circumstances be liable for consequential loss whether or not the animal the subject matter of the claim be sold with a guarantee of capability to get stock.
- 4 These Conditions of sale and Warranties do not apply for incalf and in-milk cows and incalf heifers sold for 700gns or less.
- 5 Vendors must certify in the case of all cows and heifers in-milk that the last calf was born at full term.
- 6 Any freshly calved animal which has not properly cleansed shall be notified to the Auctioneers – any failure to do so makes the Vendor responsible for any consequential loss or damage. Purchasers have three full working days to make a complaint upon the vendor should they have an animal that needs to be cleaned or washed-out. They are also obliged to provide a vet's certificate to the effect and the vendor will be obliged to pay for the cost of one washout.
- 7 All faults of udder and teats are to be notified by the Vendor to the Auctioneers and announced at the sale, and unless such notification is received by the Auctioneers it shall be deemed the animal is warranted as sound in her udder.
