Joint auctioneers:

Foreword

Kivells and Norton & Brooksbank are delighted to have received instructions on behalf of Bostock Brothers to disperse their entire Dairy herd on farm on Wednesday 12th October.

Father, Jesse (Snr) and mother Joan started the herd at Dubthorne Farm, Astbury in 1950 hence the prefix “Dubthorne” It was 42 acres with shippens for 36 cows. They had three sons, Daniel, Jesse and John who all wanted to farm. when John started school at 5, Joan resumed her teaching career and Brook House Farm, of 40 acres at Smallwood was purchased, this resulted in an annual migration of walking the cows the two miles to the summer pastures of Smallwood and back again for winter housing at Dubthorne, all the while being supervised by dad on horseback.

In 1968 Biddulph Hall Farm was purchased with Dubthorne and Brook House being sold. Biddulph Hall Farm was purchased from J. A. Johnson, a farmer an engineer who imported some the first Holsteins from Canada in 1946 to join his “Dormer” herd. Initially there were 60 cows pipeline milked and mucked out by shovel and barrow and even fed silage by hand to start with. Dad’s philosophy was to cut out the middleman, we had a milkround which brother Dan worked on for 40 years, grew and sold potatoes at the door as well as the cows. My philosophy, for some reason was somewhat different, to Specialise, it’s the milk and dairy heifers that mattered. I had always admired the Ayrshire breed as smart dairy cows, Dad did not, Friesians were more practical - milk and beef – but, at a young age, I was allowed to purchase a few. When Holsteins replaced Friesians, I would argue Ayrshire’s were ahead of their time! My philosophy is dairy character equals milk and correct confirmation equals longevity. So, when daughter-in-law Samantha, wanted a few Jerseys I could not object hence Sand Oak Jerseys, which were formed in the past few years.

During the 1980s I did purchase our first Holstein “Crichel Inspiration Diamond” for 600 Guineas, at Crewe, she was a steal as her mother later classified as excellent. She did 50 tonnes in six lactations, by far the most productive cow in the herd at that time. She also convinced me of the Holstein Breed being tougher than most people would imagine. Her descend her descendants are still in the herd today.

Her sire “Hanover Hill Inspiration” was used across the herd and took the yield from 7000 litres to 8000 litres, average, in one generation. “Inspiration” was by “Valiant” out of a “HH” – “Triple Threat” daughter. “Triple Threat’s” daughters gave lots of milk from fantastic udders. He was by Roy Brook “Telstar” line-breed to the “White Cow”. Triple Threat is an interesting bull for many reasons, for instance he was born red but turn black - he carried the red gene. So the Holsteins were belting out the milk, and the Ayrshire’s were smart but not milky enough.

They needed more milk or they would have to go! It was controversial but the Ayrshire Society allowed calves by red Holstein into the herd book. There was a famous Holstein bull “Horizon Ranger Red”, a grandson of Triple Threat. I got ten of the last straws available and bred two daughters, a “Fiona” that did 70 tonnes in seven lactations and “Flower-A-Ranger” who also milked really well with a good udder. The Ayrshires became Ayrshire-Reds, and the prefix was changed to “Sunrise” to reflect this. They are now line-bred to three Distinguished Dairy Dynasties, (Ben Cooper – “Normead”, said line-breed then outcross). The Bargower “Silver Bells” (British Ayrshire), Blackadder “Milk Maids” (Canadian Ayrshire) and the “White Cow” from “Roybrook” (Red Holstein). Back to the Holsteins, “Inspiration” was followed by “Starbuck” and “Black Star Sons”, to improve rear udder and feet and legs.

My son, Jonathan then took over the Holstein breeding and herd management and the farm went on to win the Staffordshire Large Herds Competition for Holsteins in 2019.

They are now smart and milky and are not pampered, as are the Ayrshire’s (most, of both breeds carry Triple Threat breeding). Sunrise “Ballerina EX 94 (3) has an Ayrshire Dam and home-bred Red Holstein Sire. She is on offer, with half the proceeds going to Teenage Cancer Trust and the 2024 Ayrshire World Conference. A purchaser could swing both ways with her, Holstein or Ayrshire. We have high hopes for her daughters especially the in-calf Heifer by “Big Time”.

The cows are on a grass based system grazing from May to October and milked in a 20-40 swing over herringbone and are fed for 30 to 35 litres. We usually send off for 5,500 to 6,000 litres from around 200 to 210 cows in milk to Sainsbury’s. We expect the majority of cows to have the potential to do 60 tonnes in 6 lactations.

It is bittersweet - to hold this sale, it is a combination of many different factors – Dan, John and I have an average age of 70, and now seemed appropriate for a sale. Biddulph Hall will remain as a dairy farm and we are confident our cows will milk and breed well for any perspective purchases.

I would like to thank the staff for their support over the years and more recently;

Rob, Adam, Tom, Sam, Dan N, Abbie, Julia, James, Lydia and Sharon and of course the long suffering wives Sara, Stephanie and Samantha.

On behalf of Brothers and Partners Dan, Jesse, John and Jonathan.

Management

Cows are milked twice daily through a Herringbone Parlour and are **housed in Cubicles** during the winter months. They are fed TMR of Grass silage, high protein blend, calcium minerals & straw as well as concentrates are fed to yield in the parlour.

Herd Average

The CIS herd Average is 9374 Kgs 3.95%BF 3.3.27%P cc145
Bulk tank average for last month was **4.63%BF, 3.42%P cc134**

Classifications

The herd is well classified with 25 Excellent, 85 Very Good & 67 Good Plus Cows & Heifer sin the herd.

Herd Ages

Young herd with 57 milking heifers, 58 second, 45 third, 23 fourth and 28 fifth plus calvers demonstrating the longevity of the herd.

Calving Pattern - The herd is all year round calving and the pattern is as follows:

May-June (35), July-September (43), October-December (42),
January-March 2023 (25), April-May (27).

Herd Health

The herd is vaccinated for Lepto, BVD & IBR and monitored for Johnes disease with extremely low prevalence in the herd. Cows are dried of with Ubro Red & Sealant. The herd passed an annual TB test on 29.08.2022.

Auctioneers comment

This is a super herd of Cows with excellent udders, legs & feet and we are confident these cows will go into any system and perform well. There are many exceptional cows in the herd with some outstanding Cows families, together with many red & whites as well as polled animals this makes a very attractive dispersal sale. We thoroughly recommend attendance to this important dispersal on Wednesday 12th October.

Vets comment

It has been a privilege to work as the routine vet at Biddulph Hall Farm for the last 3 years. I have attended fortnightly throughout this time and know the farm and the cows well. The health status and management of the animals is exceptional and all this effort has been rewarded with healthy, high-yielding cows.

Cows have been quarterly antibody tested for Johnes for several years and using this data has all but eliminated Johnes disease from this herd.

The whole herd has been TB tested clear recently and all cows are up-to-date with vaccination for IBR, BVD and leptospirosis. The farm is BVD tag testing and milk monitoring for IBR, BVD and Leptospirosis – there is no evidence of these diseases within the herd.

Cows are vaccinated with Bovilis IBR live, Leptavoid H and Bovela. First season grazers have all received Huskvac.

Fertility is well managed and cows are scanned fortnightly; all cows are scanned 'fresh' at 20-30 DIM and continue to be checked until they have a >42 PD +.

I would be more than happy to answer further questions on any aspect of herd health with prospective buyers.

Conditions of Sale - It is strongly recommended that Bidders and Buyers visit Kivells.com and read the full Conditions of Sale produced by The Livestock Auctioneers Association (LAA) and the Conditions of Sale relating to the disposal of Machinery and Equipment ahead of the sale. You will be signing to the effect that you have read, agree with and will abide by these Conditions and these Notice to Purchasers. Both sets of Conditions of Sale will also be available in Kivells sales office. Reference will also be made to these conditions in the sale catalogues. This catalogue may also contain reference to Warranties as defined by the LAA Livestock Conditions of Sale. Warranty issues will not be considered if payment in full has not been received.

Risk - All lots are at the risk of the Purchaser immediately after they are sold (fall of the hammer). It is strongly advised that Buyers ensure that their insurance policies cover on farm sale premises and that they have immediate cover for animals or machinery purchased.

Removal of Lots - Lots can only be removed once payment has been made in full and/or a pass issued by the auctioneers. All lots need to be cleared from the sale premises by 5pm on the day of sale unless otherwise agreed with the Auctioneers.

Descriptions of Lots - Buyers should satisfy themselves prior to making bids as to the condition of any lot and should rely on their own judgement as to whether the lot accords with its description. All lots are sold under the Conditions of Sale as referred to above to include the following two clauses:

Statements of Fact - Unless otherwise announced all statements of fact made in any sale catalogue or at the time of sale regarding the breeding of any animal, its health status or other tests carried out on any animal are statements of fact made by the Vendor and not the Auctioneer and the Auctioneer accepts no responsibility for any misstatement nor does he nor the Vendor accept any responsibility for any subsequent reaction by an animal sold to any relevant test administered after the sale. This Statement of Fact clause also applies all non-livestock lots in this sale.

Liability of The Auctioneer - The Auctioneer acts in all respects only as agent for the Vendor and no warranty is given by the Auctioneer or his employees or contractors, and none shall be implied, as to title, description or the quality of any Lot. Neither the Auctioneer nor his employees or contractors shall be liable to the Purchaser in any respect for any defect of title, error of description or imperfection or for any announcement or statement concerning any Lot offered for sale whether made orally or in writing (whether in a sale catalogue, order of sale, advertisement for the sale or otherwise) and whether given before, during or after the sale, nor shall he incur any liability in relation to any dispute between a Vendor and Purchaser.

Bidding Form - The Auctioneers will bid on your behalf if written instructions are received on the form supplied, or an email or text has been received confirming instructions and acceptance of the terms set out in the form, and adequate time is available to enter such bids. The Auctioneers reserve the right to request a deposit as part of the instruction process. It is entirely at the discretion of the Auctioneers whether other forms of bids are acceptable however in every case there is no liability on the auctioneers.

An up-to-date CIS milk recording will be available on the sale day.
